Is for Convening of Both Houses on October  
17 to Investigate Acts of Governor of the  
State—Is Made Under Alleged Authority  
Given at Election Held Last Tuesday

(By The Associated Press)

OKLAHOMA CITY, Okla., Oct. 5.—A call for a special session of both houses of the Oklahoma legislature on October 17 to investigate "the commission of impeachable offenses by the officers of the state subject to impeachment," was issued here tonight by W. D. McBee, state representative from Stephens county.

The call was made under the alleged authority of a constitutional amendment approved at the polls Tuesday by citizens of the state. The summons sets out that it was issued upon "written request signed by a majority of the members of the house of representatives asking that the legislature be convened pursuant to the mandate of the people."

## INCREASE IN WHEAT DUTY CONSIDERED

Coolidge Instructs the  
Federal Tariff Com-  
mission

(By The Associated Press)

WASHINGTON, Oct. 5.—Instructions have been given by President Coolidge to the federal tariff commission by President Coolidge to consider the possibility of increasing the present duty of wheat above 30 cents as a means of relief for the western wheat growers.

The chief executive, however, does not believe that any material benefit could thus be rendered to the farmers. A suggestion that the tariff on wheat be increased from 30 to 45 cents under the flexible provision of the Fordney-McCumber act recently was laid before the president by Representative Anderson, Republican, of Minnesota, who was chairman of the congressional committee on agricultural industry.

Proposition Considered.  
The proposal also has been advanced and opposed by others who recently have conferred with the president on the agricultural situation.

In directing the tariff commission to study the matter of an increase in the tariff rates the president did so through a belief that suggestion at least was worthy of consideration.  
The executive, however, does not believe that much of relief can be obtained in such a manner and also is uncertain as to whether the commission's investigation will find that he might legally proclaim a higher rate.

## Bankers Association Severely Criticised

(By The Associated Press)

SPRINGFIELD, Ill., Oct. 5.—Members of the Illinois Bankers' association were severely criticised tonight at a meeting of the Illinois Association of Insurance Agents held in this city. Frank Bell, Charleston, West Virginia, president of the National Association of Insurance Agents charged that bankers in forming mutual companies to write their own burglary and robbery insurance had usurped the insurance field.

"Bankers should stick to banking," said Bell, "they would not want insurance men to form banks."

Bell declared that although last year's losses in handling banking burglary insurance have been

heavy the first nine months of 1923 have exceeded the figure. Further mention of bankers' insurance came when John P. Keever, assistant manager of the Fidelity Insurance and Deposit company, Chicago, declared that insurance on banks in towns of one thousand or less is being carried at a loss.  
Senator John Dailey, Peoria, chairman of the legislative committee which investigated insurance firms during the last session of the general assembly, Clifford Ireland, state director of trade and commerce and Thomas Houston, state superintendent of insurance were among the speakers. All the officers were re-elected.

## BALDWIN READY TO AGAIN PLAY WITH POINCARE

Proposals for Re-  
newed Allied Coop-  
eration Expected

(By The Associated Press)

LONDON, Oct. 5.—The Marquis of Curzon, British secretary for foreign affairs in a long speech at the imperial conference today revealed the British government's new policy growing out of Germany's abandonment of passive resistance.

This policy, briefly is to await the initiative of France, who now is expected to make proposals for renewed allied co-operation. Lord Curzon assumed that the French government had already prepared in outline if not in detail, for the anticipated surrender on the part of Germany.

Nothing was said by the foreign secretary about any reply to Germany's famous offer to submit to an international investigation commission the question of Germany's capacity to pay reparations and apparently this part of the British policy which Premier Baldwin in August told parliament could not wait indefinitely is regarded as having been suspended by the situation in Germany.

Lord Curzon took a pessimistic view of future events in Germany and of the prospect of obtaining any substantial reparation from that country but he insisted that Great Britain had not abandoned her just claims in this respect.

## CONSERVATION OF COAL TO RECEIVE MORE ATTENTION

Conference Contemplated  
Next Year in  
England

(By The Associated Press)

PORTLAND, Ore., Oct. 5.—Organized labor showed its interest in state conservation of coal today by the adoption of a resolution bearing especially upon the situation in California, where the resolution declared the water and power act placing state credit back of municipalities in power development, subordination at the general election in 1922 had been defeated thru the efforts of private power corporations.

The resolution recommended to forward-looking citizens in all states, the program of state conservation as submitted to California voters.  
President Gompers informed the convention that a general conference is contemplated in 1924 in England to discuss the question of coordinated development of hydro-electric power in the world.

Rather than make further efforts for the minimum wage law the convention accepted the suggestion of a committee to unionize the workers affected and retain the betterments gained thru the law of collective bargaining.

spiracy in Divorce

## POWER OF HIGH COURTS OVER CONGRESSIONAL ACTS IS OUTLINED

(By The Associated Press)

BLOOMINGTON, Ill., Oct. 5.—Attacking the theory of the power of the supreme court of the United States held by Senators LaFollette, Fess and Borah, as expressed in speeches or bills in congress, Justice Frank K. Dunn of the Illinois supreme court in a speech here tonight upheld the power of the federal highest court to declare unconstitutional any act of congress which in their judgement overrides the limitations which the people of the United States imposed on themselves when they organized their system of government with the federal constitution.

Justice Dunn spoke before a large banquet of the McLean county bar association in celebration of constitutional week. He said that the theory of LaFollette sounded like "propaganda of the most dangerous kind."

"The issue raised by these three senators is whether the questions affecting our liberties shall be removed from the disinterested judgement of an upright and independent judiciary to the capricious determination of an legislative body controlled by considerations of popular de-

mand or partisan advantage."

What Is Attempted  
Justice Dunn said:  
"Here are three United States senators seeking to take away from the supreme court the power to decide finally upon the constitutionality of an act of the majority of the court one of them wishing to confer that right upon congress and the other two upon a minority court."

The speaker said Senator Fess, wants a vote of seven of the nine made necessary to declare an act of congress unconstitutional.

Floyd E. Thompson of Rock Island, chief justice of the supreme court was another speaker. He indulged in an exhaustive discussion of methods in preparing cases for presentation to the higher courts and deplored the fact that so many cases of a trivial and unimportant nature find their way to the higher courts to clog the legal machinery and to burden jurists with this sort of matter when there are so many important cases which involve the welfare of the entire commonwealth on hand to demand careful attention.

Edward D. Shurtleff of the third district of the appellate court was unable to be present owing to other engagements of a pressing nature.

Four-Party Coalition  
to Be Given Another  
Trial

(By The Associated Press)

BERLIN, Oct. 5.—A resuscitation of Chancellor Stresemann's defunct four-party coalition tonight put an end to the parliamentary crisis, the mysterious origin of which is often exceeded in novelty by its baffling solution, in that the four warring parties virtually agreed there had been no ground for disagreement three days ago and that a revamping of the coalition was the only way out of the dilemma.

Conservation of party prestige, emoluments of public office and concern over political patronage are declared to have played an unusual part in the inter-party truce which was preceded by a day of bartering and jockeying for position. The coalition leaders apparently preferred to risk their immediate political future by giving the four power block another tryout to taking a chance of being eliminated from the nation's affairs thru the advent of the dictatorship with which they were threatened.

Was Partisan Onslaught  
Chancellor Stresemann succumbed to the partisan onslaught and completely jettisoned his earlier plan of defiance to the reichstag by confronting it with a restricted ministry of non-partisan experts which would have been invested with extraordinary authority by virtue of dictatorial decree of President Ebert.  
Predictions around the reichstag accord the resurrected coalition a short parliamentary existence. It is declared the present makeshift solution will have inevitable sequel in the nature of a dictatorial regime.

Makes Mysterious Visit  
Duesseldorf, Oct. 5.—Hugo Stinnes, the German industrial magnate who arrived here today spent an hour at the jail this evening chatting with Baron Krupp von Bohlen, head of the Krupp Works, who is serving a sentence for obstructing the Franco-Belgian occupation authorities.  
Afterward in a French general staff car he went to the French headquarters where he had a lengthy conference with General DeGoutte.

Stinnes maintained his usual silence when asked about these meetings and it was impossible to learn anything authoritative from other sources as to what happened at either of the interviews. It is generally conjectured, however, the Stinnes in his conversation with DeGoutte talked over problems relating to the restoration of economic activities in the Ruhr.  
Several English and American correspondents talked with Herr Stinnes in the lobby of his hotel and subjected him to a rapid volley of questions, but the industrial chief evaded them with his customary agility.

## LLOYD GEORGE IS GIVEN A ROUSING WELCOME FRIDAY

Is Early on Watch to Greet America—Has  
Triumphal Procession Thru New York—  
Says Visit Only to Bring Britain's Thanks  
to Canada and U. S. for Great Service

(By The Associated Press)

NEW YORK, Oct. 5.—David Lloyd George, former prime minister of Great Britain, veteran of seventeen years of strenuous activity in old world politics, came to America today and found a wholeheartedly enthusiastic welcome.

The former premier first saw American soil from the deck of the Mauretania early this morning. His passage from the great ocean liner in the police boat Macon to the Battery and thence by motor accompanied by a cavalcade of other cars to the city hall and thru the streets of the metropolis was almost a triumphal procession, marred only by two minor street disturbances precipitated by Irish Republican sympathizers.

To Canada and to the United States Mr. Lloyd George declared he brought as Britain's war-time premier a message of heartfelt thanks for their services in the great war.

He came, he said, with no political status and no official credentials but as a private subject of the crown to express to Canada his personal thanks for the volunteer aid she unstintingly had offered the British Empire in her time of need. To the United States he explained, he brought thanks for the army that had come like the sword of Excalibur in the Arthurian legend from the waters of the Atlantic when the horizon of the allied powers was blackened with despair.

Goes to Canada  
He will leave tomorrow morning for Montreal where he will begin a tour thru the larger cities of Canada terminating at Winnipeg from which he will re-enter the United States in Minnesota.

visiting afterward a number of middlewestern and eastern cities and ending his tour in New York in early November.

Thruout the day besieged by newspapermen who asked his views on current European affairs, Mr. Lloyd George expressed his unwillingness to bring any message to America.

At a reception luncheon tendered him by the United Press which was attended by owners and representatives of many American and Canadian newspapers he expressed the opinion that until the unity among nations, which prevailed during the great war is regained, "the condition of the world will be a very troubled one."

The veteran statesman stated that the situation in Europe was desperate but pointed out it would have been infinitely worse had the allies been defeated. He refused to admit that the treaty of Versailles was at the bottom of the economic and political difficulties of the world, adding that the mischief lay in the way the treaty was being carried out.

Mr. Lloyd George, his wife, Madame Margaret, his daughter, Madeline, and several secretaries were greeted on the Mauretania early this morning by a committee which included representatives of the city, Secretary of Labor Davis, Assistant Secretary of State Butler Wright and a group of representative Americans.

Of politics, Mr. Lloyd George had little to say. He thought he said that the Ruhr situation showed few signs of improving; the league of nations, he added, could not be a going concern without the concurrence of the United States; Central Europe, he admitted was still in danger of disastrous developments, adding his opinion that adoption of Secretary Hughes' proposal for analysis of the situation by an international committee would help bring about a peaceful settlement.

One of the most pleasurable experiences he looked forward to he said was a visit to former President Wilson.

WOUNDED POLICEMAN  
EXPIRES SUDDENLY

(By the Associated Press)

DANVILLE, Ill., Oct. 5.—Jonas F. Haas, former night captain of the Danville police who was shot one week ago in the Chicago & Eastern Illinois shop yards where he was employed as a railroad guard, died suddenly this morning in a local hospital.

A coroner's jury late today found that he was wounded by the accidental discharge of his own revolver. When first found by other railroad officers he declared his belief that his own weapon fell from its holster and was discharged but the course of the wound and his further statements that the flash appeared to come thru a locomotive and the statements of firearms experts that his weapon could not be exploded accidentally in the manner mentioned, caused relatives to believe he was shot by an enemy.

**Spanish Club Entertained at Busey Home**  
The Illinois college Spanish club was entertained Friday evening by Prof. and Mrs. R. O. Busey at their home on Grove street. It was the first meeting of the school year and each member answered to roll call by telling, in Spanish, how he spent his summer vacation.

Prof. Busey talked generally on his trip thru France and Spain, and related some very interesting and amusing incidents which happened on the way over and coming back.

The other number on the program was a talk given by Ellsworth Scott. Mr. Scott told of his auto trip thru Colorado last summer and judging from the relation of it the trip must have been a very enjoyable one.

After the program there was a social hour when games were played, Spanish songs were sung and refreshments were served.

During the meeting Prof. Busey exhibited some very interesting and unique souvenirs which he had brought from Spain.

The meeting was altogether a very interesting one and greatly enjoyed by the members. Present Spanish only is spoken at these meetings and by this method the students have a practical way in which to use the language which they are learning, and at the same time they get much enjoyment from it.

## WOMAN TAKES AFFIRMATIVE IN SMASHING DEBATE; WINS POINT

**Mrs. Coleman Gives Concrete Facts Gathered From Personal Experience**

Springfield. — Yesterday Mrs. Cora Coleman, who lives at 1124 E. Madison street, this city, took the affirmative in an interesting debate at Clarkson's Drug Store, as to whether Peppen was a really effective remedy.

Some one had addressed a remark to her questioning the value of proprietary medicines.

"One cannot help being interested in proprietary medicines today," replied Mrs. Coleman. A glance at the daily newspapers reveals the names of scores and scores of the most conservative people in this city who recommend Peppen, just because they believe it is their duty to acquaint the public with a splendid medicine that has relieved them. They do so without pay as I do—without compensation of any kind other than that they follow the dictates of the Great Humanitarian Spirit to "help the other fellow if they can."

"As to my personal experience I desire to say that I suffered with an acid stomach for years. My food soured and caused a bloated, stuffy feeling. Then I formed and pressed up against my heart. Sometimes I was so short of breath that I thought I was going to strangle. I had but little appetite and even what little I ate did not taste right.

"I tried many different kinds of treatments but nothing seemed to do me much good. I was sadly discouraged but I never gave up the thought that some day I would be a well woman. I kept fight on trying to find something to relieve me.

"Finally I tried Peppen and that brought relief after the first dose. In three weeks I was eating heartily. Besides I feel better in every way. I am so enthusiastic about Peppen that I do not hesitate to recommend it to anybody. I believe it is the best medicine in the world. I can do more work and not feel half so tired."

The genuine Peppen is obtainable in Jacksonville only at the Coover Drug Company. There is also one dealer in every nearby town. Look for the Peppen sign.—Adv.

## COAL MINER EXPECTS FUN ON THANKSGIVING

Springfield.—Among those who are making elaborate preparations for a big time on Thanksgiving day is Arthur Henderson, a miner at the Capital Mine, who resides at 1119 S. 18th street, this city.

Mr. Henderson is anxious to satisfy the longings of the inner man with a sumptuous spread that will put the gastric juices to a supreme test. His wife told the following yesterday:

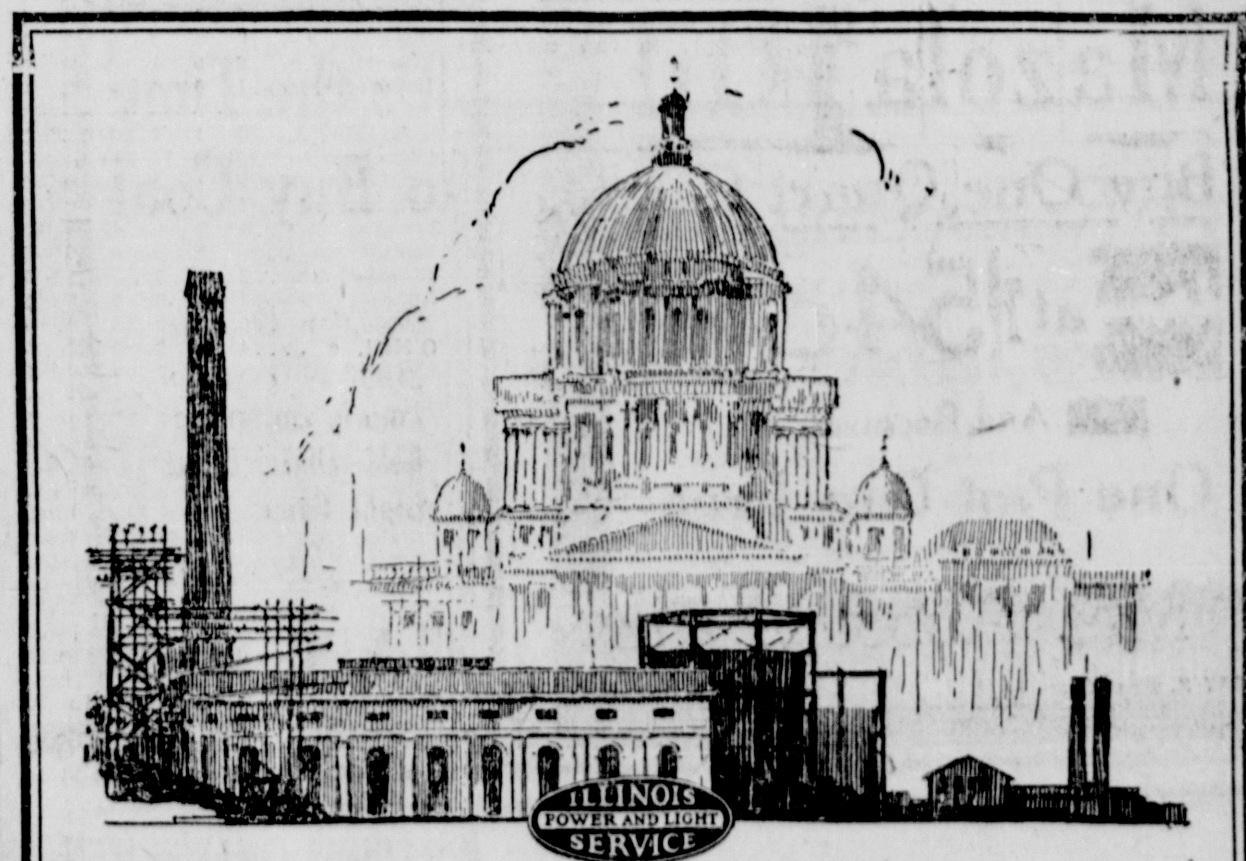

"Since taking Peppen Mr. Henderson feels so fine that he will be equal to any occasion," she said.

"Three years of stomach trouble—really three years of misery has made it impossible for him to enjoy the fullest extent of his national holiday. But this year he anticipates plenty of fun on Thanksgiving. He says he is going to eat his fill of turkey, mince pie, cranberries, and all the trimmings and give thanks to Peppen."

"My husband has spent hundreds of dollars trying to get rid of dyspepsia. I cannot begin to tell you about the number of remedies he has tried, all without avail, until he took Peppen."

"The very first bottle of Peppen brought results. He has now finished his first bottle of Peppen and from his present feelings it seems as though his trouble will have been entirely overcome by the time he finishes his second bottle."

The genuine Peppen is obtainable in Jacksonville only at the Coover Drug Company. There is also one dealer in every nearby town. Look for the Peppen sign.—Adv.

**With Fairness to All—**

Regulation of the Public Utilities by a State Commission is fair to the customer and fair to the Utilities.

By such regulation the customer is protected impartially in all his relations with the Utilities. On the other hand, the Utilities are allowed adequate earnings with which to maintain their plants, in order to render the quality of service demanded by the people and pay a reasonable return on the capital invested.

The confidence of the people in governmental supervision is proved by the fact that nearly 2,000,000 Americans are satisfied owners of Public Utility securities.

## ROODHOUSE TO MEET ROUTT TEAM

The Roodhouse pigskin-chasers, who won the high school championship of central Illinois in 1922, will furnish the entertainment this afternoon for the Routt high school on Illinois College field at 2:30 o'clock. In the first game played last season by Routt they met Roodhouse and were forced to swallow a defeat by a score of 67 to 0. However, the visiting team lost several players of importance last spring thru graduation and the score should not be so one-sided this year as Coach Coenen has been giving the locals all they can stand for the past week in an effort to at least hold them to a close score, and it is no impossible thing that Coenen's "Fighting Irish" will be returned on the long end of the score.

In their game last Saturday, the worst fault exhibited by the local team was fumbling, two goals having been scored on them on account of fumbles when near the goal posts. The boys have been drilling hard this week to overcome this fault and a good hard game is assured to all who attend.

Coach Coenen has announced the probable lineup for the start of the game: Sehy, l. e.; Henry, l. t.; Early, l. g.; Cleary, c.; Walsh, r. g.; White, r. t.; Mallen, r. e.; Gebert, q. b.; Devlin, l. h. b.; Fitzgerald, r. h. b.; Murphy, f. b.

## MISS CUMMINS WINS WOMEN'S GOLF MATCH

RYE, N. Y., Oct. 5.—(By the A. P.)—A courageous golfing girl from Chicago, Miss Edith Cummings, pushed her way into the final round of the woman's national golf championship today by overcoming an almost hopeless handicap and defeating Mrs. C. H. Vanderbeck of Philadelphia, conqueror of Glenna Collett one up in twenty holes. With Vanderbeck down two, the Chicago girl won the 17th with perfect golf, squared the match at the 18th with an eight foot putt down hill, and won at the 20th when her opponent missed her tee shot. In the final round tomorrow a grueling test at 36 holes, the Chicago girl will meet Alexa Stirling, three time champion who eliminated today Miss Elizabeth Hardin Goss of Baltusrol, N. J., two up, after a close round in which Mrs. Goss always was pressing on her heels. Miss Stirling, the experts believe is the world's greatest woman player over the 36 hole route, but Miss Cummings is at the height of a game that has been improving thru the years.

## PALMYRA COMING TO MEET TIGERS

Game Will be Played This Afternoon at 2:30 o'clock on Illini Field.

Palmyra High School comes today to try their prowess against the I. S. D. Tigers on Illini field this afternoon at 2:30 o'clock. Not much is known of the strength of the visiting team as it is still too early in the season to obtain much of a line on performance, but it is a certain fact that the Tigers will give them a scrap every minute of the time, no matter whether they are out-classed or not, as this has been the undisputed reputation of the deaf boys in the past and this year's team is no exception to the rule. They are scrappers to the finish.

It is believed that this year's team will eventually become a better balanced team than last season on account of the fact that last season Massinkoff and Crabbe bore the brunt of the battle, as they were perfectly capable of giving a splendid account of themselves in any company. This year, however, in the absence of Massinkoff, Mannen, and other stars who graduated last spring, all players are more on an equal footing and should feel that each one must develop into a finished player to be able to uphold the reputation of their school, and with the old reliable Captain Crabbe directing them they will undoubtedly develop into a team worth remembering before the close of the season. Aside from their inability to successfully use the forward pass as yet, the team is in a fairly good shape now.

Coach Robey Burns announces the following lineup for the start of the game this afternoon: Taylor, l. e.; Jones, l. t.; Balm or Quinn, l. g.; Sellers, c.; Tillman or Carlson, r. g.; Woiz, r. t.; Dillard, r. e.; Miller, q. b.; Rose, l. h. b.; Clark, r. h. b.; Crabbe, (captain) f. b.

## FOOTBALL GAME AT WHITE HALL TODAY

White Hall Oct. 4.—The White Hall high school football team which last Sunday gave Beardstown high a 58 to 0 drubbing, will tackle the Grigsbyville high school team in the second game of the season here Saturday. Play will start at 2:30. Little is known of the strength of the Pike county team. Grigsbyville usually is represented by a good team and Coach Wells is not expecting another walk-away. The return of Kemp, veteran tackle, to the local line-up has strengthened the team.

Russell Jones. Mrs. T. J. Quinn of Litterberry was a shopper in the city Friday.

## MONEY TALKS

Earl Combs, Louisville outfielder, hailed as the greatest player in the American association, is another \$100,000 rookie. At least that's the price his club has set for him. Several big league teams are after him. He was picked up in the Kentucky mountains last year.

CLEVELAND, O., Oct. 5.—Cleveland won the first of its final series with Chicago today, 6 to 1. Shaute held the White Sox to seven hits while Cleveland wasted many of its 17 hits off Thurston and Leverette. Because of cold weather only a handful of fans viewed the contest.

## ILLINOIS COLLEGE MEN TO CARTHAGE TODAY

Coach Harmon will leave this morning on the Wabash at 6:15 o'clock for Carthage, taking with him twenty-three men of the Blue and White squad for the game this afternoon against Carthage College. They will return via the Wabash this evening at 9 o'clock.

As this is the opening of the season for Illinois College and as Carthage has the reputation of generally having a football team worthy of the name, today's results are doubtful, the main result being probably the showing of the weak spots if any, on the local team, thus giving Coach Harmon a better chance to bolster up the team in any department showing weakness.

The team for the game today will be picked from the following players: Dale and Johnson, l. e.; Reese and Wells, l. t.; Weber and Bracewell, l. g.; Hackett and Wylder, c.; Schaffer and Folgerman, r. g.; Gard and J. Smith, r. t.; Witachek and Alderson, r. e.; Beecher and Rogers, q. b.; shields and Elder, l. h. b.; Bowman, McGee and Petefish, r. h. b.; C. Hopper and J. Roberts, f. b.

## HAWKEYES READY FOR THE GAME WITH KNOX

IOWA CITY, Iowa, Oct. 5.—Coach Howard Jones put his team thru a light workout tonight in final preparation for the second game of the season here tomorrow with Knox College as opponents.

This will be the last pre-conference game the Hawkeyes will have to compete in before opening the conference season here with Purdue a week from tomorrow.

Jones will probably send into the Knox game tomorrow practically the same eleven which started against Oklahoma Aggies here last week. Hancock and Otto, ends Kritz and Krasuski, tackles; Olson and Fleckenstein, guards; Griffin, center; Fry, quarterback; Capp, Miller and Fisher, half backs and Grauber, fullback.

Leland Parkin who won fame last year when he carried the ball across Yale's goal line for the lone Hawkeye touchdown that eventually won the game and who has been kept out of the game and out of scrimmages and even signal practice, has been used consistently during the past week and may be seen in action tomorrow.

Parkin suffered from a bad knee, pronounced perfectly well at the beginning of the season this year, but it is believed, this is the reason for having been kept out thus far. He plays quarterback and should prove to materially strengthen the team.

## JACKSONVILLE HIGH PLAYS AT PITTSFIELD

Football Squads of Two High Schools Will Meet at Pike County Capital

The Jacksonville High School football squad numbering about twenty-eight men, will leave this morning with Coach Mitchell for Pittsfield where they will meet the team of that place this afternoon in the second game of the season for the local boys, they having won last Saturday's game from the I. S. D. by a score of 6 to 0.

The local high team certainly looks good for the start of the season and should make a splendid showing as they progress. Captain Hunt is displaying his usual good form and Corbridge is rounding out in fine shape. Sherman Smith is a bear at center, with but one outstanding fault, that of springing into action a trifle too quickly when on the defense which sometimes raises an off-side question, but it at least shows that there is nothing slow about him in action. All of the first team is going good, and Mitchell has several second string men that can very handsly fill in, in case they are needed, so there should not be the least doubt that J. H. S. will make a creditable showing this afternoon against the Pikers.

Coach Mitchell announces that he will probably start the same line-up used in last Saturday's game on Illini field: Massey, l. e.; Hopper, l. t.; Curtis, l. g.; Smith, c.; Roberts, r. g.; Dewese, r. t.; Sanders, r. e.; Corbridge, l. h. b.; Arnold, r. h. b.; Johnson, f. b.; Hunt, (captain) q. b.

Macomb, Ill., Oct. 5.—Caron's place kick in the second quarter gave victory here today to the Monmouth College football team over Teacher's College 3 to 0.

## M'TIGUE WILLING TO BOX STRIBLING AGAIN

ATLANTA, Ga., Oct. 5.—Mike McTigue, light heavyweight champion, Joe Jacobs, his manager, and Harry Ertle, referee, tonight were enroute to New York after spending a few hours here today and relating the thrilling events of yesterday and last night in Columbus, Ga., where the world's light heavyweight hung in an unsteady balance some hours after McTigue and Young Stribling of Macon, fought a 10-round bout.

The party's departure from Columbus was precipitate and the fighter and his companions rested here today. They came thru the country early this morning in automobiles accompanied by four military guards.

Arriving here Referee Ertle declared he originally had called the McTigue-Stribling fight a draw and denied that he had reversed himself by awarding the title to the challenger. Three hours after the fight the referee issued a signed statement calling the fight a draw and leaving the championship with McTigue. Then the party left Columbus.

McTigue and Ertle both said they had been intimidated. The champion said he was willing to give the Macon high school boy challenger another chance at his title.

# FACTS

According to records in the Secretary of State's office, Studebaker outsold all other makes of cars in the first six months of 1923 in Wayne County, Michigan (of which Detroit is the county seat) with the exception of Ford and Chevrolet.

Detroit knows motor cars and motor car values, because the majority of the population is engaged directly or indirectly in some phase of the motor car industry.

Detroit knows Studebaker because of the large production of Studebaker cars in that city, and Detroit is partial to Studebaker cars for just one reason—the merit of the product.

## Market Report

STOCKS ALL TEND  
TO LOWER LEVELS

**FINANCIAL**  
Total stock sales 568,200  
shares.  
Twenty industrials averaged  
\$9.42; net loss .50.  
High 1923: 105.38; low  
80.2.  
Twenty railroads averaged  
\$2.70; net loss .07.  
High 1923: 90.51; low 79.53

NEW YORK, Oct. 5.—Specula-  
tive sentiment in today's stock  
market was still unsettled with  
the main tendency toward lower  
levels. Business was again on a  
reduced scale.

The opening tone was heavy  
but fairly good support was forth-  
coming, particularly in the oils,  
tobacco and chemicals and there-  
after prices saw-sawed within com-  
paratively narrow limits.

Stocks were pointed upward in  
the afternoon but they eased off  
again just before the close.

Selling pressure was concen-  
trated largely on the motor, rub-  
ber, textile and copper shares.  
Kelly Springfield was hammered  
down to 22 1/2, a new low for the  
year, but it recovered about half  
of its two point loss before the  
close.

Touching off of stop loss or-  
ders also forced Inspiration Cop-  
per to a new low at 24, but it  
snapped back to 26.

American Woolen was sold on  
the theory that the closing of the  
Amoskeag Mills foreboded  
cutback in other textile cen-  
ters.

Wall street heard reports dur-  
ing the day that some of the big  
copper companies were contem-  
plating the shutting down of their  
mills from Friday night until  
Monday morning until such time  
as the metal market became more  
stabilizing.

Radical strength was again  
shown by certain of the tobacco  
shares.

Chesapeake & Ohio assumed  
the leadership of the rail group  
in the late dealings jumping 2 1/2  
points to 65 1/2.

This rally revived unconfirmed  
rumors of an increased dividend  
in the near future. New York  
Central was again pushed above  
102, but failed to maintain its  
gain.

Call money opened at 4 1/2 but  
advanced to five before the close.

Active U. S. Government bonds  
either held steady or improved  
with the single exception of the  
treasury 4 1/2s which eased slightly.

Efforts of Illinois to dispose of  
approximately \$20,000,000 worth  
of bonds are handicapped, bank-  
ers stated, not alone by the state  
desire to off them with a 4 1/2  
percent coupon but even to a greater  
extent by the fact that interest  
payments would be made at  
Springfield, Illinois, and on an  
annual basis. Total sales \$19-  
775,000.

#### WOULD SET ASIDE PROPERTY DEED

Suit Brought by John Anderson Against Mr. and Mrs. John Frank — Claim That Deed Made is Illegal Because of Existing Judgment.

A bill which was filed in the circuit court yesterday by John Anderson as complainant, named John Frank of al. as defendant, and asked that a certain real estate conveyance be set aside. The complainant is represented by John J. Reeve.

It is set forth in the bill that in November, 1922, the complainant was given a judgment against the defendant for \$35,393.30 under foreclosure proceeding and that subsequently the defendant and his wife, Jane Frank, transferred certain real estate to Joseph C. Fernandez for a consideration of \$12,000, alleging that it protected an indebtedness of \$10,300.

Later Joseph Fernandez transferred the property by quit claim deed to Paul Frank.

It is claimed that these transfers were improper and that they were without pecuniary consideration, and it is because of these general facts that the court is now asked to set aside the transfers and that the usual procedure be ordered for the sale of the property so that judgment in favor of the complainant may be satisfied.

#### RED CROSS MEETING

### FRANK WALLER ALLEN IS POPULAR SPEAKER

Two Addresses to Teachers Here Well Received Yesterday—Miss Hill Captivated Audience

One of the most pleasing speakers who has visited this city for some time, is Frank Waller Allen, lecturer, author and literary editor of the Illinois State Journal. Mr. Allen delivered two fine addresses at the county teachers' institute yesterday. In the morning he used the theme "Fear and Faith," and in the afternoon his topic was "Living Your Own Poetry."

In his opening address, Mr. Allen described fear as mankind's greatest enemy. He said that the fear which does the most harm is the constant gnawing variety that preys upon its victim perhaps for years. If a person were subject to terror daily for a week, he would probably succumb to it, but the ordinary kinds of fear kill gradually. The speaker discussed the various forms of phobia, fear of storms, enclosed places, high places, etc. These fears may be cured many times by restoring the victim's memory of the incident which caused the fear in the first place. Usually this incident sinks into the subconscious mind and causes no trouble, only when similar circumstances occur. Then the victim is thrown into hysteria or made embarrassed and uncomfortable.

The speaker next discussed worry, timidity, self depreciation and self pity, as forms of fear. These are all most dangerous and work to destroy the finer qualities of their victims.

In discussing the second phase of his subject, faith, Mr. Allen stated that the two ideas, the opposite in meaning, had the same psychological background. Fear is faith in evil. The man who fears is a looker for the worse. Both fear and faith have belief as their basis. Belief in evil or in good determines disposition and character. As a cure of fear, the speaker suggested the thought of such words as God, Life and Love. A gesture of blessing will drive away anger, a thought of God injected into a bad mental attitude will clear away the clouds.

Must Live Poetry

In his second address, Mr. Allen made the statement that poetry is to be enjoyed, not studied. To make great poetry two elements are necessary, a great poet and a great appreciator. The poet can not walk alone, but must have an appreciative audience. Poetry should be read aloud, and not studied for its technique or phrasing. Poetry must be lived to be appreciated. The institute closed with the afternoon session yesterday. The program given was excellent throughout. Dr. L. A. Beeler was popular in the sectional meetings and delivered several instructive and entertaining lectures. He discussed the psychology of the schoolroom, and spoke to the high school section.

Miss A. Lulu Hill, who conducted the primary section, also delivered an entertaining lecture yesterday morning on "The Turn in the Road." She gave a vivid description of her trip last summer to Mount Rainier in Washington, and of the winding ascent up the mountain to Paradise Valley. She then drew life lessons from the trip showing how the turns in the highway of life are most important. There are certain bends in the road which nature imposes upon every individual and it is up to teachers to aid the boy and girls to round these corners safely.

There are other turns in the road which people may be led to take thru outside influences. Pictures, stories, poems, songs, all sometimes play a vital part in changing lives for the better.

### FACTS ABOUT EUROPE TOLD BY PROF. BUSEY

Informing Address Made Before Congregational Brotherhood—Plans for Year's Work Considered.

At the Congregational church Brotherhood meeting last night there was an unusually large attendance. After a splendid supper had been served there was mass singing led by Prof. Hedge of the Conservatory faculty, with Willard Wesner as accompanist.

Dr. C. E. Black, who is chairman of the executive committee told something of the plans for the coming year and Frank J. Heintz, reviewed the work done at the church among the organizations for boys and girls.

The chairman of the evening, R. W. Woolston, then introduced Prof. Busey of Illinois college, who told some of his very interesting experiences in Europe during the summer months.

Prof. Busey and those with him sailed from the U. S. on a French steamer. In France he said it was especially noticeable how many women and girls are now employed in positions usually held by men. This was of course a result of the great war. The people are doing their best to meet conditions and to get affairs again on a normal basis. Many still live in cellars and great economy is practiced.

Visits to Rheims and Verdun were described. In the Argonne Forest the travelers saw the luxurious underground quarters which were established for the Bavarian crown prince during the war time.

The Busey party journeyed by automobile to Geneva and the speaker gave a most interesting word picture of the Alpine scenery, glaciers, mountains and the panorama of views that constantly awaits the tourist's eye in that locality. Later their itinerary took them into Spain and they arrived in Barcelona at a time of turmoil.

Prof. Busey spent several weeks at the University of Madrid and his observations about conditions and people in Madrid were very informing. Still later Prof. Busey visited the Ruhr region and his description of conditions there gave to most of his auditors a more accurate idea of that region than they had had before.

The splendid supper served was under the direction of C. E. Milligan, Ray Genev, John Putnam, Albin Wolfe and R. W. Woolston.

### TROPHIES AWARDED AT ILLINOIS COLLEGE

Governor Cups Won by Gamma Delta and Phi Alpha Societies—Presented at Friday Chapel Service

The interesting feature of the Illinois college chapel Friday morning was the awarding of the Governor trophies to the men's and women's literary societies receiving the highest averages last semester.

These trophies are two very beautiful sterling silver loving cups mounted on polished ebony bases. They are presented to the societies by George W. Govett of Quincy, Ill., who graduated from Illinois college in 1895. The cup for the men's society is awarded in honor of Mr. Govett's father, William H. Govett and his inscription on it reads, "In memory of William H. Govett." The cup for the girl's society is awarded in memory of Mr. Govett's mother, Mrs. Rosa E. Govett and has her name inscribed on it.

These cups must be won by semesters—not consecutive—by one society before they can be permanently claimed. The societies receiving the highest averages last semester and therefore receiving the cups into their keeping for this semester are: of the girls, Gamma Delta, and of the boys' Phi Alpha. Miss Mary Beatty, president of the Gamma Delta received the girls' cup and Ray Grun, president of the Phi Alpha received that awarded to the boys.

Mr. Govett, who was himself a Phi Alpha member when at Illinois, offered \$500 with the cup if won by that society. This offer was doubled by Mr. S. W. Nichols, well known resident of Jacksonville, thereby making the Phi Alpha's reward for superior scholarship not only the beautiful trophy but \$1,000 as well. This money is to be kept in reserve for the purpose of extending the college buildings.

Dr. George Palmer Tells Why He Thinks Abandonment Would Be Great Mistake—WFL Address Morgan County Medical Society Thursday.

Dr. George Thomas Palmer of Springfield, for many years president of the Illinois Tuberculosis Association, was in Jacksonville recently to confer with local physicians and with persons interested in the Morgan County tuberculosis situation. Dr. Palmer has devoted years of study to public and private sanatoria and served as a member of a group of five physicians to whom the federal government entrusted standardization of the large government sanatoria for the care of returned tuberculosis soldiers.

Dr. Palmer expressed keen disappointment at the newspaper report that a petition has been filed to submit to the people at the next general election the proposition of abandoning the Morgan County Sanatorium and he stated that in his opinion, such action would not only be unwise from a public health standpoint, but would be exceedingly extravagant and wasteful as a matter of governmental economy.

"The Morgan County Sanatorium, in my judgment, has never had a fair chance to demonstrate its value," said Dr. Palmer. "While a considerable amount of money was expended on buildings and ground, the institution has never had enough money to be adequately equipped or to be properly conducted. In practically all of the counties where sanatoria are in operation and where the appropriations for operation have been reasonably generous, the sanatoria have demonstrated their tremendous value to the community."

"If the people of Morgan County had voted favorably on the special tax proposition and if the sanatorium had had sufficient funds not only for its satisfactory maintenance, but for the clinical and nursing service absolutely essential to its existence, it is my opinion that the institution would now be full of patients and the per capita cost consequently reasonably low."

Dr. Palmer called attention to a law passed by the last General Assembly authorizing two or more adjoining counties to unite in the operation of a sanatorium, and suggested that it would be a relatively simple matter to induce other nearby counties to share in the ownership and operation of the Morgan County Sanatorium.

"To junk the sanatorium as proposed in the petition which has been filed, would be the very height of governmental extravagance," Dr. Palmer said.

The expensive sanatorium building is a one purpose building. It will not serve as a satisfactory almshouse, as a general hospital or for any other purpose except as a tuberculosis sanatorium. If the institution is voted out of existence, the county will be unable to recover more than a small fraction of its cost, while if it continues to operate, the county will probably be able to share its original investment with other interested counties.

Dr. Palmer has been invited to assume the management of the Medical Society on Thursday evening of next week to outline a plan of properly and economically meeting what he regards as the very pressing tuberculosis program of the county.
